## User Manual

# Smart Book Light

- a design object with the wow factor -

Thank you for your purchase of the Gingko linen fabric Smart Book Light. Please follow the instruction manual carefully to achieve the best product performance of this design.

If you have any queries, please do feel free to get in touch us at **support@ging-ko.co.uk**

We hope you enjoy it.

Please keep this user manual for future reference.

## Packing List

---

You should find the below items in the packing list

1. A fabric mini or large smart book light (depending on your purchase)
2. An instructional manual
3. A USB charging cable

## What this Product is Made of ?

---

We care the environment as much as you do and supplying something which is sustainably designed and made is also the main product philosophy to our business.

The Fabric Smart Book Light is made of sustainable linen fabric material with water-resistance tyvek paper. Some of the fabric we used on this product could also be recycled material.

## Product Charging Operation

---

The product is generally arrived with 70% charge, but for the first time use, please still charge it up by following the below instructions:

1. Take the micro USB charging cable out from the box
2. Connect the USB charging cable to any USB plug adapter in **5V output** such as our smartphone charger or a USB port on the computer etc.
3. Connect it to the charging port on the product gently.

**ATTENTION:** Please make sure the micro USB is facing the right direction before connecting it to the product. Do not force to push the micro-USB into the charging port on product when it's placed at the wrong direction as this would seriously damage the charging port on the product.

Micro-USB

The top side of the Micro-USB is generally wider than the bottom side. Please make sure it's facing the right direction when connecting to charging port on the product.

When charging, the indicating light next to the charging port will be in red;  
After fully charged, the indication light turn into green.

## How to use this Product?

---

Inspired by the shape of a book, there are many forms you can use this product.

1. Hold both sides of the fabric covers and gently open it like you would open a book, then the light will instantly light up with warm light.
2. You can tilt it up to 180 degrees or even 360 degrees as both covers are magnetic.
3. When the battery life is low, the light will start dimming and you just need to recharge it again. The battery life is normally within 6-8 hours, depending on how often you would use it.

## Warranty & Product Care

---

### Warranty

This product is covered under one year manufacturer warranty starting from the date of purchase. Within the warranty period, any repair service or components replacement will be provided for free.

Warranty does not apply to the following circumstances:

1. Product failure due to improper use, misuse, drops, abuse, alteration, faulty installation, power line surge or modification
2. Product failure due to acts of nature such as natural disaster, fire, flood, or casualty.

### Product Care

1. The product is made of fabric material. Please keep it away from any fire point.
2. Any drop of this product could cause damage to the device.
3. This product is not water proof, so please do not use it under the water.
